

Course Overview

The purpose of the Managing Benefits[™] guidance and certification scheme is to provide managers and practitioners from different disciplines / in a variety of organizations with applicable guidance in benefits management principles, practices and techniques.

This 2-day Practitioner level course enables delegates to apply and understand how to tailor the Managing Benefits methodology effectively.

Course Duration	CPE	Delivery Format
2 days	13	Virtual Classroom Group Training

What You'll Learn

Individuals certified at this level have a demonstrated understanding and application of:

- Planning the implementation of benefits management, selecting appropriate strategies to sustain and measure progress.
- Selecting and adapting the principles, practices and techniques to suit different organizational contexts.
- Applying activities that should be undertaken during each of the practices of the Benefits Management Cycle, together with the accountabilities and responsibilities of each of the defined roles.
- Evaluating examples of benefits management information (documents).
- Analyzing the solutions adopted in relation to a given scenario.
