

Course Overview

COBIT is a framework for the enterprise governance and management of information and technology (I&T) that supports enterprise goal achievement. This Foundation Course is intended for current COBIT 5 Foundation Certificate holders as well as those new to COBIT who are interested in achieving the latest foundation certificate. This course will consist of two days of instructor-led materials as well as self-study which will highlight the concepts, models and key definitions of the COBIT framework and help prepare learners to take the COBIT 2019 Foundation Exam.
